

Specification Sheet

Product Name	HabiStat Coir Substrate, 10L, 60L Coir Husk Coarse 500g, Coir Block Fine 650g, Coir Mini Block Fine 350g
Product Codes	HSC10E, HSC60E, HSCH, HSCB, HSCBM
Description	HabiStat's Coir substrate is best used to replicate the moist, humid soils found in tropical and sub-tropical environments. Made from 100% natural coconut husk, this biodegradable, non-toxic and non-abrasive substrate provides a safe base for a wide range of species. It wets quickly, holds water well, and helps maintain consistent high humidity levels. Easy to clean and ready to use straight from the bag.
Intended Use	Animal use only
Available weight	3.93KG, 23.1KG, 0.502KG, 0.652KG, 0.352KG (Weight may vary due to fluctuating moisture levels)
Key Ingredients	Coco Pith
Technical Specifications	NA
Instructions for proper use	Spread substrate evenly across vivarium base ensuring a depth of 2" (5cm). Do not overfill if using underfloor heating. We recommend you spot clean daily, and change or refresh every 6-12 months.
Precautions for use	Wear protective clothing like gloves when handling substrate and supervise children closely. Bags may be heavy.
Storage & Handling instructions	Please store this product out of reach from children.
Manufacturers Information	Monkfield Nutrition Ltd, Arthur Rickwood Farm, Chatteris Road, Mepal, Ely, Cambs, CB6 2AZ, UK
