

Specification Sheet

Product Name	HabiStat Desert Sand, 10KG Red & Yellow
Product Codes	HSDSR10E, HSDSY10E
Description	HabiStat Desert Sand is specifically designed to replicate hot, arid desert environments such as North Africa and the Middle East. Made from fine, natural sand, it closely mirrors natural ground conditions for species like bearded dragons and sand-dwelling geckos. The loose texture encourages digging, foraging and burrowing. As well as this, as an excellent heat conductor, it supports thermoregulation. Ready to use straight from the bag or mix with other substrates.
Intended Use	Animal use only
Available weight	10.08KG (Weight may vary due to fluctuating moisture levels)
Key Ingredients	Natural washed British sand
Technical Specifications	NA
Instructions for proper use	Spread substrate evenly across vivarium base ensuring a depth of 2" (5cm). Do not overfill if using underfloor heating. We recommend you spot clean daily, and change or refresh every 6-12 months.
Precautions for use	Wear protective clothing like gloves when handling substrate and supervise children closely. Bags may be heavy.
Storage & Handling instructions	Please store this product out of reach from children.
Manufacturers Information	Monkfield Nutrition Ltd, Arthur Rickwood Farm, Chatteris Road, Mepal, Ely, Cambs, CB6 2AZ, UK
