

## Specification Sheet

Product Name	HabiStat Repti-Turf Substrate, 10L & 20KG
Product Codes	HSRT10E, HSRT20E
Description	The HabiStat ReptiTurf substrate is specially designed for herbivorous reptiles, such as tortoises, to offer a natural, safe and practical solution for an easy-to-use substrate. Made from an annual by-product of UK-grown crops, it supports British farming and is 100% compostable. Virtually dust-free, it promotes a clean environment and helps neutralise odours. Ready to use straight from the bag for a naturalistic, enriching habitat.
Intended Use	Animal use only
Available weight	5.08KG & 20.1KG (Weight may vary due to fluctuating moisture levels)
Key Ingredients	Compressed straw pellets
Technical Specifications	NA
Instructions for proper use	Spread substrate evenly across vivarium base ensuring a depth of 2" (5cm). Do not overfill if using underfloor heating. We recommend you spot clean daily, and change or refresh every 6-12 months.
Precautions for use	Wear protective clothing like gloves when handling substrate and supervise children closely. Bags may be heavy.
Storage & Handling instructions	Please store this product out of reach from children.
Manufacturers Information	Monkfield Nutrition Ltd, Arthur Rickwood Farm, Chatteris Road, Mepal, Ely, Cambs, CB6 2AZ, UK
