

Specification Sheet

Product Name	HabiStat Sphagnum Moss 250g, 1KG, 12KG
Product Codes	HSMS250, HSM1, HSM12
Description	HabiStat Sphagnum Moss helps replicate damp, moisture-rich environments found in wetlands, rainforests and forest areas. Made from natural sphagnum moss, it provides a soft, absorbent material. Ideal for mixing or layering as it creates humidity pockets. Ready to use straight from the bag, perfect for naturalistic, enriching enclosures.
Intended Use	Animal use only
Available weight	0.256KG, 1.006KG, 12.076KG (Weight may vary due to fluctuating moisture levels)
Key Ingredients	Naturally occurring peat moss
Technical Specifications	NA
Instructions for proper use	Keep the moss damp and place on top of substrate. To create a humid hideaway within an arid environment, place damp moss within a hide. Alternatively, moss can serve as an ideal substrate for creating nests or laying eggs - add to an incubator for egg laying purposes. Wet daily to keep it in top condition.
Precautions for use	Wear protective clothing like gloves when handling substrate and supervise children closely. Bags may be heavy.
Storage & Handling instructions	Please store this product out of reach from children.
Manufacturers Information	Monkfield Nutrition Ltd, Arthur Rickwood Farm, Chatteris Road, Mepal, Ely, Cambs, CB6 2AZ, UK
